BRZ. For your every action, an immediate reaction.
The open road is your canvas.

There are sports cars with rear-wheel drive. There are also sports cars with responsive steering, a few with nimble handling, and some that are lightweight. The BRZ has all of these characteristics—and more. And with the supremely low and balanced 205-horsepower SUBARU BOXER® engine, the experience is simply divine. This is how sports cars should be built—and how driving should feel.

With a traditional rear-wheel drive layout, the BRZ pays homage to classic sports car ideals while retaining modern necessities. Its combination of traits—lightness, low center of gravity, fully independent suspension, telepathic handling—deliver an unfiltered, unequivocally enjoyable driving experience.

Powered by a 205-hp direct- and port-injected 2.0-liter 4-cylinder SUBARU BOXER® engine, the BRZ hits all the right notes in both performance and sound. The sonorous, high rpm symphony from the tuned exhaust system is music to enthusiasts’ ears.

The ideal sports car driving position means you’ll find everything you need, right where you need it. The bolstered, sport-design front seats keep you planted, while the small-diameter, leather-wrapped steering wheel is perfectly complemented by a point-and-shoot 13.1:1 steering ratio.

Everywhere you go in the BRZ, you’ll feel connected to your world, thanks to standard SUBARU STARLINK™ Multimedia. It allows you to connect via Bluetooth® or USB port to apps like Pandora®, iHeartRadio®, Stitcher™ and Aha,™ for all your favorite news, music and podcasts.

For a more engaged experience, upgrade to the 7-inch STARLINK™ Multimedia system with standard Apple CarPlay™ and Android™ Auto integration and a built-in, voice-activated navigation system powered by TomTom.™ Both systems offer HD Radio® and SiriusXM® All Access Radio for the ultimate in sound quality and listening enjoyment.

1 2019 BRZ Limited in Crystal Black Silica with optional Performance Package.
2 Manual transmission models only.
3 Limited models only. See your retailer for details.
4 Activation and required monthly subscription sold separately. Includes 4-month trial subscription. See your retailer.
Ready for your best lap.

To push the BRZ harder so it can handle the demands of higher performance driving, look no further than the available Performance Package.1 With Brembo® performance brakes for supreme stopping power, SACHS® performance dampers for enhanced stability, and dark gray 17 x 7.5-inch, 10-spoke aluminum-alloy wheels for an exclusive look, this BRZ is ready to perform, lap after lap.2

1 Limited manual transmission models only. See your retailer for details. 2 We do not recommend racing your vehicle. Racing may void the vehicle warranty. See Warranty & Maintenance Booklet for details. If you race the vehicle, do so responsibly, on an approved racing track. Drive responsibly and obey all traffic laws.
Driver-focused Cockpit

Everything is designed with the driver in mind. From the small-diameter, leather-wrapped steering wheel to the strategically placed pedals, obliging shifter and low-mounted performance-design front seats with deep bolsters and Alcantara® inserts — it’s all perfectly assembled to create the ideal sports car driving position. The 4.2-inch multifunction display1 keeps you informed with a G-force meter, lap timer, engine torque curve maps and more, while Track Mode lets you push the limits of performance driving even further. The available dual-zone automatic climate control system keeps you in the comfort zone,1 while standard Bluetooth® allows for an easy connection to your favorite apps and content. Plus, a 7-inch SUBARU STARLINK™ Multimedia system with standard Apple CarPlay® and Android™ Auto integration and a built-in navigation system is available. You’ll also have standard auto-on/off LED headlights to keep you connected to the driving experience, even after dark.

1 BRZ Limited models only.
ENGINE PLACEMENT WEIGHT SPLIT: FRONT [ 55 ]
Lightweight—2,789 Pounds
Lightweight sports cars can react more quickly, accelerate faster, and stop with more authority. With less heft, the 205-hp* SUBARU BOXER® engine becomes a powerhouse, and the available 12.8-inch Brembo® performance brakes—world-beaters. High-tensile steel makes it not only lighter but stiffer, too. Also a priority was balance—so it’s rear-wheel drive for better front-to-rear weight distribution.

Low 0.27 Coefficient of Drag
To a sports car, wind is like weight—the more of it you have to move, the more it takes from your ability to perform. Features like a channeled roof, aerodynamic underbody panels and a rear diffuser help the BRZ cut through the air, sharpening the performance you’ll feel.

2,789-POUND CURB WEIGHT
REAR [ 45 ]
SUBARU BOXER® Engine
Low, stable, with immediate power delivery, the SUBARU BOXER® engine with up to 205 hp* is the heart and soul of the BRZ. With port- and direct-injection technology, its efficiency is impeccable—up to 33 highway MPG3—and its power easily harnessed with either the lauded 6-speed close-ratio manual transmission or a quick-shifting 6-speed automatic transmission with manual mode and paddle shifters.

Low Center of Gravity
Not only was the engine designed to be compact, allowing it to be mounted lower in the chassis, every element of the BRZ was placed as low as possible, from the roofline to the seating position. This is what gives the BRZ its supercar-like center of gravity measurement—18.11 inches—that keeps it firmly planted to the ground for otherworldly composure and response.

Driver-centric Ergonomics
With design features like a small-diameter steering wheel and optimally placed short-throw shifter, your hands can fully capitalize on the quick 13.1:1 steering ratio. And with sport-design instrumentation, you’ll immediately get the information you need most.

Performance-design Seats
When you’re deep in the corners, you’ll be glad the BRZ comes standard with supportive front seats with deep bolsters. They’re also available with Alcantara® inserts, which provide extra grip to help keep you in the pocket.
Step up. Stand out.

With a production run of just 250, the 2019 BRZ Series.Gray is no ordinary BRZ. Covered in a rare hue—Cool Gray Khaki paint—accentuated by black mirror caps, black badging, and frameless rearview mirror, this BRZ has “enthusiast” written all over it. And it matches its unique looks with uncommonly nimble performance, thanks to SACHS® performance dampers for sportier handling, and high-performance Brembo® brakes with 12.8” front and 12.4” rear rotors for controlled stopping power. Topping off this limited-edition package are stylish black 17 x 7.5-inch, 10-spoke aluminum-alloy wheels for a presence that’s not only exclusive, but also timeless.

2019 BRZ Series.Gray

IHS Markit

“97% of Subaru vehicles sold in the last 10 years are still on the road today.”

Edmunds.com

Subaru is the Most Trusted Brand for four years running, according to Kelley Blue Book.

Subaru is the 2018 Top Brand for Residual Value, according to ALG.

“Subaru is the 2018 Top Mainstream Brand for Residual Value. ALG is the industry benchmark for residual values and depreciation data (www.alg.com).”

Edmunds.com

“It’s a back-to-basics, lightweight sports car with rear-wheel drive, excellent balance and an affordable price.”

Jalopnik.com

“The BRZ feels like the antidote to everything enthusiasts complain about when it comes to modern cars.”

Jalopnik.com

1 ALG named Subaru the 2018 Top Mainstream Brand for Residual Value. ALG is the industry benchmark for residual values and depreciation data (www.alg.com). 2 2015–2018 Kelley Blue Book Brand Image Awards are based on the Brand Watch™ study from Kelley Blue Book Strategic Insights. Award calculated among non-luxury shoppers. For more information, visit www.kbb.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc. 3 Based on IHS U.S. vehicles in operation vs. total new registrations for MY2008–2017 ending in December 2017.

Protecting Your Investment

Protecting Your Investment

Subaru Badge of Ownership

Durability

It’s not disposable. It’s family.

Life moves fast. Don’t slow it down with a car you can’t trust. At Subaru, we build each of our vehicles with the highest standards of manufacturing and with designs that are inherently tough and resilient. It’s why our warranties exceed in the extreme regimes of rally racing. And why 97% of Subaru vehicles sold in the last 10 years are still on the road today!

It’s also why Subaru owners are so likely to stay Subaru owners for years and years. What’s more, keeping cars on the road means they stay out of landfills longer. And if we can make the world a cleaner and greener place while making cars that inspire and motivate their drivers, we’ve done our job.

Warranties*

New Car Limited Warranty

3 years or 36,000 miles, whichever comes first.

Powertrain Limited Warranty

5 years or 60,000 miles, whichever comes first.

Wear Item Limited Warranty

3 years or 36,000 miles, whichever comes first.

Repairs to the following items will also be covered under Wear Item Limited Warranty:

- Brake Pads
- Wiper Blades
- Clutch Linings
- Transmitter Batteries

Rust Perforation Limited Warranty

5 years, unlimited mileage.

24-hour Roadside Assistance

3 years or 36,000 miles, whichever comes first.

1. Complimentary smartphones and applications required. For applications to operate, latest version of each application is required. Data provided by smartphone is displayed on the audio system’s screen. Some data loss and the operation of hand-held electronic devices while operating a vehicle. Smartphone apps should be turned off when vehicle is parked. Your vehicle’s camera(s) may apply. 2. Activation and required monthly subscription sold separately. Includes 3-month trial subscription. See your retailer. 3. 10,000 QM’s fuel economy estimate. Actual mileage may vary. 4. The supplemental Restraint System (SRS) deployment affects the driver and the front passenger. 5. This Adventuredrive safety system is designed to help prevent crashes due to distracted driving while using hand-held electronic devices while operating a vehicle. It may not prevent all collisions nor detect all objects. 6. It provides supplemental protection only, and must be used in order to avoid injury or death of occupants upon airbag deployment and to provide the best possible protection in a serious accident. Owners should refer to emergency vehicle instructions on your vehicle for more information. 7. Multi-function Displays may not be properly displayed in case of some rear seats. See Owner’s Manual for recommended reading position. 8. Based on MY19-MY21 U.S. vehicles in standard or side rearview camera replacement for MY18-2017 ending in December 2017. 9. All Subaru vehicles sold by Subaru of America, Inc. are designed and built for normal driving conditions. The Subaru Limited Warranty, as well as the Subaru Added Security program, excludes damage or failure resulting from modifications or participation in competitions or racing events. See the Subaru Warranty & Maintenance Booklet for further details.
