Subaru Intelligent Drive (SI-DRIVE)³

① SI-DRIVE enables three distinctively different modes of vehicle performance characteristics by regulating the Engine Control Unit (ECU) and by fine-tuning the electronically controlled throttle. For WRX models equipped with Sport Lineartronic™ Transmission, SI-DRIVE also adjusts transmission shift characteristics.

Driver Controlled Center Differential (DCCD) All-Wheel Drive

① Exclusive to WRX STI, DCCD All-Wheel Drive uses an electronically managed limited-slip differential in conjunction with a planetary-gear-type center differential to control power torque distribution between the front and rear wheels. Featuring manual and three automatic modes, DCCD varies front/rear torque distribution to optimize traction and handling, or allows the driver to choose from a range of fixed torque distribution settings. Sensors monitor parameters such as wheel slippage, steering angle, throttle position and braking to help determine ideal torque distribution and direct it to the wheels with optimum traction. Vehicles equipped with DCCD also feature a limited-slip helical front and Torsen® rear differential.

Not Available	Not Available	Not Available	Standard	Standard	Not Available
---------------	---------------	---------------	----------	----------	---------------

Active Torque Vectoring

① Active Torque Vectoring works in tandem with VDC applying braking power to the inside front wheel, resulting in sharper turn-in, more neutral steering, and higher cornering limits when turning.

Standard	Standard	Standard	Standard	Standard	Not Available
----------	----------	----------	----------	----------	---------------

Vehicle Dynamics Control (VDC)

① VDC electronic stability control utilizes sensors that constantly monitor wheel speeds, steering angle, brake pressure, vehicle yaw rate, and lateral g-forces. If VDC detects a difference between the driver's intended path and the one the vehicle is actually taking, VDC applies braking power and/or reduces engine torque to help correct vehicle path. Includes Standard, Off, and performance-oriented Traction modes.

Standard	Standard	Standard	Standard	Standard	Not Available
----------	----------	----------	----------	----------	---------------

Traction Control System (TCS)

① VDC also incorporates an all-wheel, all-speed traction control system that, when sensing a loss of traction, reduces engine torque and applies braking force to the slipping wheel or wheels as necessary to maintain vehicle motion.

STI 18-Inch Alloy Wheel

① The 18-inch 15-spoke STI alloy wheel set helps to give the WRX the perfect blend of attitude and style, combined with improved handling performance and steering precision due to the reduced weight of the alloy when compared to the stock alloy wheels. The wheels are finished in black and finished off with STI branded center caps.

STI Performance Exhaust System - WRX

① Mounted behind the catalytic converter, the STI Performance Exhaust System provides a smooth mandrel bend construction to help reduce exhaust flow restrictions, allowing the engine to "breathe" more efficiently. The exhaust system includes a free-flowing center pipe after the catalytic converter that splits into two pipes and mufflers with engraved STI tips.

Thule® Paddleboard Carrier

① Manufactured by Thule(R), the telescoping design of this stand-up paddleboard (SUP) carrier provides a custom fit for boards up to 34" wide and can hold up to two boards. Heavy-duty, steel reinforced webbing provides security, while the soft, weather resistant padding helps to protect your boards during transit. Crossbar Set required. Consult vehicle owner's manual for total roof load limit.

1 The glass information listed represents calculated reference values and may not represent actual values determined by testing.

2 EyeSight is a driver-assist system that may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors, such as vehicle maintenance, weather, and road conditions. See Owner's Manual for complete details on system operation and limitations.

3 Coupled with Sport Lineartronic transmission on WRX Premium and Limited models.

4 Requires CVT.

5 Deletes STI design rear spoiler on STI Limited.

6 Compatible smartphone and application required. The latest app version is required for best performance. Data provided by smartphone is displayed on head unit screen. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. Smartphone apps should only be launched when vehicle is safely parked. Your wireless carrier's rates may apply.

7 All SiriusXM services require a subscription, sold separately by SiriusXM after the trial period. Your SiriusXM service will automatically stop at the end of your trial unless you decide to subscribe. If you decide to continue service, the subscription plan chosen will automatically renew and be charged according to your chosen payment method at the then-current rates. Fees and taxes apply. See the SiriusXM Customer Agreement & Privacy Policy at www.siriusxm.com for full terms and how to cancel, which includes online methods or calling 1-866-635-2349. Available in the 48 contiguous United States, D.C., and Puerto Rico (with coverage limits and capable receiver). Visit <http://www.siriusxm.com/FAQS> for most current service area information. Availability of some services and features is subject to device capabilities and location

restrictions. All fees, content and features are subject to change. SiriusXM, Pandora and all related logos are trademarks of Sirius XM Radio Inc. and its respective subsidiaries.

8 Activation and required subscription sold separately. Includes trial subscription. See your retailer for details.

9 Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving.

10 Reverse Automatic Braking is a system designed to assist the driver by detecting objects to help avoid a possible collision when the vehicle is moving in a reverse direction. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. Always exercise caution and use vehicle mirrors and Rear-Vision Camera when backing up. See Owner's Manual for complete details on system operation and limitations.

11 Activation with subscription required. Includes a 3-year trial subscription to Safety services and a 6-month trial subscription to Safety and Security services. The Concierge plan can be purchased annually or monthly. A credit card on file will be required for specific packages and for renewal purposes. Features and availability vary by vehicle and trim level. May not be available in all states. See Retailer for details.

12 The Supplemental Restraint System (SRS) (airbags) affords the driver and the front passenger additional protection in moderate to severe frontal and side-impact collisions, and outboard 2nd-row passengers additional protection in moderate to severe side-impact collisions. This system provides supplemental protection only, and seat belts must be worn in order to avoid injuries to out-of-position occupants upon bag deployment and to provide the best combined protection in a serious accident. Children should always be properly restrained in the rear seat.

13 Not available on CVT models.

Legal Disclaimers | * MSRP does not include destination and delivery charges, tax, title, and registration fees. Destination and delivery includes handling and inland freight fees and may vary in some states. Prices, specifications, options, features, and models subject to change without notice. Select colors may be subject to an additional charge. See your retailer for more information.

** EPA fuel economy estimates. Actual mileage will vary with driving conditions and your vehicle's condition.

*** Limited warranties are contingent on age and mileage. Whatever comes first concludes the warranty.

† Connected Services depend on factors outside Toyota's control, including an operative telematics device, a cellular connection, GPS signal and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded, including access to response center and emergency support. Service may vary by vehicle and region. Apps and services subject to change at any time without notice. Requires app download/registration and subscription after trial (if applicable). Terms of Use apply. Data usage and charges may apply. To learn about Toyota's connected services data collection, use, sharing and retention practices, please visit toyota.com/privacyvts

Safety Connect: Stolen vehicle police report required to use Stolen Vehicle Locator. Automatic Collision Notification activates only in limited circumstances.

Remote Connect: Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child). Remote start/stop not available on manual transmission-equipped vehicles.

Drive Connect: Services not available in every city or roadway.

Service Connect: Information provided is based on the last time data was collected from the vehicle and is not real time data. Service Connect is not renewable as a stand-alone service and requires a subscription to any of Safety Connect, Remote Connect or Drive Connect upon trial expiration.

Wi-Fi Connect: Eligible vehicle and wireless service required. Wi-Fi Connect coverage and service not available everywhere. Valid in the contiguous U.S. and Alaska. Do not drive distracted. Go to att.com/solterra for terms and conditions. Up to 5 devices can be supported using in-vehicle connectivity. The Wi-Fi Connect trial begins at the time of enrollment activation and expires when 30 days or the earlier of 3GB of data is used or the 1-month period ends. Subscription required after trial. Integrated Streaming requires subscription for third-party provider services.
