Optional	Optional
Pet Harness - Medium	

⁽ⁱ⁾ Before you fasten your own seat belt and begin all your road trips together, be sure to buckle up your dog for safety. Infinity Loop webbing design, combined with a padded vest, seat belt grade straps and stress tested buckles, work together to distribute and reduce damaging forces

that can cause injury in a car collision. Manufactured by Sleepypod[®] and uniquely designed in signature Subaru blue, your dog will travel in safety and style. Crash-tested at child safety seat standards and certified by the Center for Pet Safety for dogs from 18 to 90 pounds. The harness is also designed for use outside of the vehicle as a walking harness with double "D" ring connection to affix a leash and reflective strips and logo for improved visibility at night. To determine the correct size harness for your dog, measure around the ribs just behind the front legs with a flexible cloth tape measure. Measurements for Medium Harness: 22.5" - 28".

Optional

Pet Travel Bowl - Medium

① Wherever the road takes you and your furry four-legged friends, take your pet's food and water with you in one convenient, portable container. The Subaru Pet Travel Bowl allows you to freeze water in the base to keep water cool and wet food fresh while traveling. The lid doubles as a second bowl and the textured base design helps resist spilling or tipping. The Pet Travel Bowl is dishwasher and microwave-safe, BPA-free and manufactured with FDA food-grade silicone. Specially designed in distinctive Subaru blue so your pet can show their love for Subaru with each sip and bite.

2 Compatible smartphone and application required. The latest app version is required for best performance. Data provided by smartphone is displayed on head unit screen. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. Smartphone apps should only be launched when vehicle is safely parked. Your wireless carrier's rates may apply.

3 All SiriusXM services require a subscription, sold separately by SiriusXM after the trial period. Your SiriusXM service will automatically stop at the end of your trial unless you decide to subscribe. If you decide to continue service, the subscription plan chosen will automatically renew and be charged according to your chosen payment method at the then-current rates. Fees and taxes apply. See the SiriusXM Customer Agreement & Privacy Policy at www.siriusxm.com for full terms and how to cancel, which includes online methods or calling 1-866-635-2349. Available in the 48 contiguous United States, D.C., and Puerto Rico (with coverage limits and capable receiver). Visit http://www.siriusxm.com/FAQS for most current service area information. Availability of some services and features is subject to device capabilities and location restrictions. All fees, content and features are subject to change. SiriusXM, Pandora and all related logos are trademarks of Sirius XM Radio Inc. and its respective subsidiaries.

¹ Requires automatic transmission.

5 EyeSight is a driver-assist system that may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors, such as vehicle maintenance, weather, and road conditions. See Owner's Manual for complete details on system operation and limitations.
6 Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving.
7 Reverse Automatic Braking is a system designed to assist the driver by detecting objects to help avoid a possible collision when the vehicle is moving in a reverse direction. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. Always exercise caution and use vehicle mirrors and Rear-Vision Camera when backing up. See Owner's Manual for complete details on system operation and limitations.
8 The Supplemental Restraint System (SRS) (airbags) affords the driver and the front passenger additional protection in moderate to severe frontal and side-impact collisions, and outboard 2nd-row passengers additional protection in moderate to severe side-impact collisions. This system provides supplemental protection only, and seat belts must be worn in order to avoid injuries to out-of-position occupants upon bag deployment and to provide the best combined protection in a serious accident. Children should always be properly restrained in the rear seat.
Legal Disclaimers * MSRP does not include destination and delivery charges, tax, title, and registration fees. Destination and delivery includes handling and inland freight fees and may vary in some states. Prices, specifications, options, features, and models subject to change without notice.
