Stability and Traction

Symmetrical All-Wheel Drive

Standard	Standard	Standard	Standard

X-MODE®

ⓘ X-MODE optimizes drivetrain output, increases all-wheel drive system engagement and uses enhanced control of the VSC system to reduce individual wheelspin, providing optimal traction on low-friction surfaces.

Standard	Standard	Standard	Standard

Downhill Assist Control (DAC)

ⓘ X-MODE also incorporates Downhill Assist Control (DAC) that helps to maintain a constant vehicle speed when traveling downhill, enhancing vehicle control.

Standard	Standard	Standard	Standard

Grip Control

ⓘ X-MODE also incorporates Grip Control to help determine road surface characteristics on level, inclining, and declining rough roads, maintaining a constant speed to help prevent slippage.

Standard	Standard	Standard	Standard

Vehicle Stability Control (VSC)

ⓘ Standard VSC electronic stability control utilizes sensors that constantly monitor wheel speeds, steering angle, brake pressure, vehicle yaw rate, and lateral g-forces. If VSC detects a difference between the driver's intended path and the one the vehicle is actually taking, VSC applies braking power and/or reduces front or rear motor torque to help correct vehicle path.

Standard	Standard	Standard	Standard

Traction Control (TRAC)

ⓘ VSC also incorporates an all-wheel, all-speed traction control system that senses a loss of traction and applies braking force to the slipping wheel or wheels as necessary to maintain vehicle motion.

Standard	Standard	Standard	Standard

Active Cornering Assist

ⓘ Active Cornering Assist works in tandem with VSC, applying braking power to the inside front wheel resulting in better handling, sharper turn-in, more neutral steering, and higher cornering limits while turning.

Standard	Standard	Standard	Standard

Brake Hold

ⓘ Brake Hold helps to reduce driver fatigue by holding the vehicle in place when the vehicle is stopped after the brake pedal has been released. Utilizing VSC and the Electronic Parking Brake, Brake Hold can hold the vehicle stationary on level, decline, or incline surfaces.

Packages

There are no optional features or packages on this carline

Not Available	Not Available	Not Available	Not Available

Accessories

Cargo Cover

ⓘ Keep items in the back out of sight with this fully retractable, maximum coverage compartment cover.

Optional	Optional	Standard	Standard

All-Weather Floor Liners

ⓘ Custom-fitted, high wall design floor liners help protect the vehicle carpet from accidental spills, snow, sand, mud, dirt and moisture. All-Weather Floor Liners are engineered to ensure a precise fit and withstand a series of functional and durability evaluations to help ensure the liners will not warp, fade or tear.

Optional	Optional	Optional	Optional

Battery Charger and Maintainer

ⓘ Custom engineered for Subaru vehicles, the Battery Charger and Maintainer efficiently charges 12-volt lead acid batteries to maximize battery life. Comes with alligator clamps for quick connections and ring-terminals for more permanent connections, to help ensure you vehicle's battery is ready for your next adventure. Fully automatic charging with LED lights and countdown timer to indicate remaining charge time. 'Try' LED light indicates when you can attempt to start your vehicle. 'Reconditioning' mode restores deeply discharged batteries. Designed with a rubber bumper to protect both the accessory and the vehicle during use. Features reverse polarity protection.

Optional	Optional	Optional	Optional

Dual Voltage Charging Cable

ⓘ A simple plug-and-play solution to maximize charging flexibility of your vehicle whether on the road or at home. Featuring multiple and interchangeable grid plugs, the compact and durable charging cable easily connects your Subaru Solterra to either household or industrial sockets with up to 7kW charge power. Designed for indoor and outdoor use. Includes bracket and fasteners to easily mount in your garage or exterior wall. See instructions for full installation details. Safe and convenient charging with automatic adapter recognition, current limitation and temperature monitoring. Includes 240V @ 32A (7kW) NEMA 14-50 and 120V @ 12A (1.4kW) NEMA 5-15 cords for dual voltage charging capacity. Three-color LED status bar (Amber: charger is rebooting, Blue: charger is ready for use, Blue pulse on/off every two seconds: vehicle is charging, and Red: charger detects an error). J1772 plug type meets all U.S. charging standards. IP67 water-resistant rated. UL and cUL certified.

Optional	Optional	Optional	Optional

Jack and Tool Kit

ⓘ Offers quick and easy access to the required tools needed to repair or replace a tire. The lightweight scissor jack installs securely behind a panel in the cargo area of your Subaru Solterra, with the extra tools conveniently stored under the cargo mat. Kit includes scissor jack, wrench, wheel guide pin and hub bolt socket. Maximum lift weight 3,307.5 lbs. Kit does not include spare tire.

Optional	Optional	Optional	Optional

Exterior Graphics - Side

ⓘ Add a stylish touch to your Solterra with graphics for the lower door panels. The Exterior Graphics Kit is constructed of a durable black PVC film and features a silver Solterra logo.

Optional	Optional	Optional	Optional

Side Sill Plates - Illuminated

ⓘ Illuminated side sill plates feature the Solterra logo in bright white lighting and add an attractive accent to the door sills. Lighting is activated when the door is opened and turns off when the door is closed. Engineered to stand up to everyday wear and tear to keep your door sills safe from scratches and scuffs.

Optional	Optional	Optional	Optional

Trunk Sill - Illuminated

ⓘ The illuminated trunk sill features the Subaru and Solterra logos in bright white lighting to add an attractive accent to the trunk sill's left and right upper surface. Lighting is activated when the door is opened and turns off when the door is closed. Engineered to stand up to everyday wear and tear and helps protect the upper surface from scratches and scuffs.

Optional	Optional	Optional	Optional

Accessory Activity Mount

ⓘ The Genuine Subaru Activity Mount features a durable steel construction and mounts to the rear unibody structure of the Solterra. This replaces the rear bumper beam of the vehicle and is designed and tested to be an integral safety component. The mount is not a trailer hitch and not intended to tow a trailer, but does allow you to carry up to 100 lbs. of additional gear.

Optional	Optional	Optional	Optional

Crossbar Set - Aero

ⓘ Use in conjunction with Genuine Subaru roof attachments and carriers to increase your vehicle's cargo-carrying capabilities. Designed for quick and easy installation and removal. Consult vehicle owner's manual for total roof load limit. Does not support the use of roof top tents. Designed and evaluated to minimize wind noise.

Optional	Optional	Optional	Optional

Thule Awning - Roof Mounted

ⓘ Seamlessly integrates with your Subaru to provide shelter from the sun and rain. The awning features high strength fabric with an exclusive system for perfect canopy tension, and integrated telescopic support legs to help quickly setup and adjust to the correct height. When it’s time to drive, easily stow and protect everything in a sleek, durable and lightweight aluminum case. Integrated legs and tension arms allow for simple, one person setup. Includes lightweight, sleek aluminum case to store when not in use. 6.2 ft. in length and projects 8 ft. when fully extended. Suitable for use on vehicles with a crossbar set. Includes locking adapter kit for mounting to the crossbars and stakes to secure the legs to the ground. When used on a hard surface, weights are recommended to anchor and stabilize the legs. Can be used in conjunction with other Genuine Subaru Lifestyle rooftop accessories.

Optional	Optional	Optional	Optional

Thule Bike Carrier - Hitch Mounted - 2 bikes

ⓘ This lightweight aluminum rack is nearly half the weight of most hitch racks, for easy handling, installation and removal. The anti-sway cages prevent bike-to-bike and bike-to-vehicle contact and help absorb road shock for frame protection. The carrier is unique to Subaru and designed to properly attach to the Genuine Subaru Activity Mount. Arms fold down when not in use, and rack pivots backwards for rear of vehicle access.

Integrated locking cable and locking hitch pin lock the bike to the carrier and carrier to the vehicle. Requires Accessory Activity Mount. Two-bike, 70 lbs. total weight capacity. To avoid blocking taillights, use only roof mounted bike carriers to transport bikes with solid disc wheels. Before installing this carrier, please check the laws of your state regarding license plate visibility.

Optional	Optional	Optional	Optional

Thule Cargo Carrier

ⓘ Manufactured by Thule®, the roof cargo carrier provides 13 cubic feet of lockable storage capacity and features dual-side opening for easier loading and unloading from either side of the vehicle. The low-profile, aerodynamic design provides increased garage access without sacrificing box capacity and the Quick-Grip™ mounting system allows for an easy, tool-free installation and removal. Measures 65" L x 34.5" W x 16" H. Crossbar Set required. Consult vehicle owner's manual for total roof load limit.

Optional	Optional	Optional	Optional

Thule Ski and Snowboard Carrier

ⓘ Manufactured by Thule®, this carrier can hold up to six pairs of skis or four snowboards securely with ultra-soft rubber arms that grip without scratching surfaces. It features a 30"-wide loading platform and includes four locks to securely lock skis and/or snowboards to the carrier and the carrier to the vehicle. Crossbar Set required. Consult vehicle owner's manual for total roof load limit.

1 EPA-estimated range on a full battery charge. Actual range will vary with driving conditions, weather, and your vehicle’s condition. Range may vary by trim.

2 Charge time varies based on vehicle level of charge, charging rate, ambient temperature and many other factors.

3 Digital Key not compatible with all vehicle features and functionality. See Owner's Manual for full details. Availability varies by trim level.Remote Connect provided by Toyota™, Privacy Policy: www.toyota.com/privacyvts. Digital Key function requires Remote Connect trial or subscription. Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so. Remote Connect depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Digital Key also requires Bluetooth® connectivity. Requires app download/registration and paid subscription after trial (if applicable). Trial period begins on original purchase or lease date of new vehicle. Terms of Use apply. Data charges may apply. Services subject to change at any time without notice. Remote Connect trials are available, see your Subaru retailer for details. 4G network dependent.

4 Provided by Toyota™, Privacy Policy: www.toyota.com/privacyvts. Intelligent Assistant requires a trial or subscription to Drive Connect. Drive Connect availability and accuracy depend on certain factors outside of Toyota's control in order to operate, including 4G network availability, a cellular connection, and GPS signal. Without any one or more of these things, operability may be limited or precluded. Services subject to change at any time without notice. Requires app download/registration and paid subscription after trial (if applicable). Trial period begins on original purchase or lease date of new vehicle. Terms of Use apply. Data charges may apply. Drive Connect trials are available, see your Subaru retailer for details. 4G network dependent.

5 Drive Connect subscription required; Limited and Touring trims include a 1-year trial subscription. See your retailer for details.

6 Amazon, Amazon Music, and related marks are trademarks of Amazon.com Inc., or its affiliates. Service not available everywhere or in every vehicle. Depends on 4G cellular network availability, a cellular connection, and GPS signal. Without any one or more of these things, operability may be limited or precluded. Requires separate subscription to Amazon Music. Data charges may apply. Valid in the contiguous U.S. and Alaska.

7 Activation and required monthly subscription sold separately. Includes 1-month trial subscription. Requires active vehicle Wi-Fi connection at additional cost. See your retailer for details.

8 All SiriusXM services require a subscription, sold separately by SiriusXM after the trial period. Your SiriusXM service will automatically stop at the end of your trial unless you decide to subscribe. If you decide to continue service, the subscription plan chosen will automatically renew and be charged according to your chosen payment method at the then-current rates. Fees and taxes apply. See the SiriusXM Customer Agreement & Privacy Policy at www.siriusxm.com for full terms and how to cancel, which includes online methods or calling 1-866-635-2349. Available in the 48 contiguous United States, D.C., and Puerto Rico (with coverage limits and capable receiver). Visit http://www.siriusxm.com/FAQS for most current service area information. Availability of some services and features is subject to device capabilities and location restrictions. All fees, content and features are subject to change. SiriusXM, Pandora and all related logos are trademarks of Sirius XM Radio Inc. and its respective subsidiaries.

9 Internet access is purchased separately through AT&T with monthly, per gigabyte, and unlimited data options available. Existing AT&T customers have the option to add an additional line to their AT&T Mobile Share plan.

10 Eyesight Driver Assist Technologies may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. Pre-Collision System is designed to provide automatic braking that either prevents a collision or reduces the severity of a frontal impact. Acceleration Suppression Low-Speed is designed to reduce acceleration and minimize the severity of certain frontal impacts. Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving. Lane Tracing operates only when used in conjunction with Dynamic Radar Cruise Control. Lane Departure Alert and Lane Departure Prevention operate only when the lane markings are visible and system effectiveness depends on many factors. See Owner's Manual for complete details on system operation and limitations.

11 Lane Change Assist monitors the area of an indicated lane change and provides steering assist to perform the change if the system determines it is safe to do so. It is not a substitute for safe and attentive driving.

12 Traffic Jam Assist is not an automated driving system. Driving safely is solely the responsibility of the driver. Do not overly rely on this system and pay careful attention to the surrounding conditions in order to ensure safe driving. See Owner's Manual for complete details on system operation and limitations. Traffic Jam Assist requires an active trial or subscription to Drive Connect. 4G network dependent.

13 Blind-Spot Monitor and Front and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the front, rear, and side areas of the vehicle to detect potential hazards that may not be visible from the driver's position and are not a substitute for safe and attentive driving.

14 DriverFocus is a driver recognition technology designed to alert the driver if their attention to the road wavers or if the driver's face appears to turn away. The driver is always responsible for safe and attentive driving. System effectiveness may be affected by articles of clothing worn on the head or face. See Owner's Manual for complete details on system operations and limitations.

15 The Parking Support Brake (PKSB) is a system designed to assist the driver by detecting objects to help avoid a possible collision when the vehicle is moving in a reverse direction. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as vehicle maintenance, weather, and road conditions. Always exercise caution and use vehicle mirrors and the Rear-Vision Camera when backing up. See Owner's Manual for complete details on system operation and limitations.

16 Provided by Toyota™, Privacy Policy: www.toyota.com/privacyvts. Subscription required. Trial subscriptions are available for Safety Connect, Service Connect, Remote Connect, Drive Connect, and Wi-Fi Connect services. Wi-Fi Connect services are purchased separately through AT&T. 4G network dependent. See your retailer for details. SubaruConnect services depend on factors outside Toyota's control in order to operate, including 4G network availability, a cellular connection, and GPS signal. Without any one or more of these things, operability may be limited or precluded. Services subject to change at any time without notice. Requires app download/ registration and paid subscription after trial (if applicable). Trial period begins on original purchase or lease date of new vehicle. Terms of Use apply. Data usage and charges may apply.

17 The Supplemental Restraint System (SRS) (airbags) affords the driver and the front passenger additional protection in moderate to severe frontal and side-impact collisions, and outboard 2nd-row passengers additional protection in moderate to severe side-impact collisions. This system provides supplemental protection only, and seat belts must be worn in order to avoid injuries to out-of-position occupants upon bag deployment and to provide the best combined protection in a serious accident. Children should always be properly restrained in the rear seat.

Legal Disclaimers | * MSRP does not include destination and delivery charges, tax, title, and registration fees. Destination and delivery includes handling and inland freight fees and may vary in some states. Prices, specifications, options, features, and models subject to change without notice. Select colors may be subject to an additional charge. See your retailer for more information.

** EPA fuel economy estimates. Actual mileage will vary with driving conditions and your vehicle's condition.

*** Limited warranties are contingent on age and mileage. Whatever comes first concludes the warranty.

† Connected Services depend on factors outside Toyota's control, including an operative telematics device, a cellular connection, GPS signal and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded, including access to response center and emergency support. Service may vary by vehicle and region. Apps and services subject to change at any time without notice. Requires app download/registration and subscription after trial (if applicable). Terms of Use apply. Data usage and charges may apply. To learn about Toyota's connected services data collection, use, sharing and retention practices, please visit toyota.com/privacyvts

Safety Connect: Stolen vehicle police report required to use Stolen Vehicle Locator. Automatic Collision Notification activates only in limited circumstances.

Remote Connect: Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child). Remote start/stop not available on manual transmission-equipped vehicles.

Drive Connect: Services not available in every city or roadway.

Service Connect: Information provided is based on the last time data was collected from the vehicle and is not real time data. Service Connect is not renewable as a stand-alone service and requires a subscription to any of Safety Connect, Remote Connect or Drive Connect upon trial expiration.

Wi-Fi Connect: Eligible vehicle and wireless service required. Wi-Fi Connect coverage and service not available everywhere. Valid in the contiguous U.S. and Alaska. Do not drive distracted. Go to att.com/solterra for terms and conditions. Up to 5 devices can be supported using in-vehicle connectivity. The Wi-Fi Connect trial begins at the time of enrollment activation and expires when 30 days or the earlier of 3GB of data is used or the 1-month period ends. Subscription required after trial. Integrated Streaming requires subscription for third-party provider services.
